Environmental leaders mourn Trump's win and prepare for battle

GOP leaders see Trump's triumph as mandate to promote fossil fuels.

What we learned this election

- A Trump presidency means more watchdogging -- and more listening.

The blind hope of the energy field Trump voter

- The president-elect is sure to roll back regulations, but he won't end the oil and gas bust.

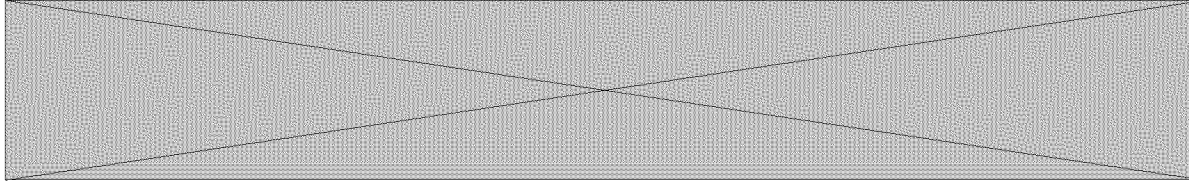

A national monument is a heavy-handed solution for Bears Ears

- More protection for these lands would mean more regulation and less freedom.

War and peace on the Colorado River

- A new book makes a case for optimism in the basin, but the threat of water battles will always be around.

Real reporting for a divided country

- What will a Trump administration mean for the West and the country?

The many landscapes of Bears Ears

- See photos of the proposed national monument, ranging from meadows to cliffs.
